4.10.3 Planned Development General Provisions

The governing bodies may grant a special use permit for a planned development which modifies the applicable district regulations and other regulations of this development code upon written findings and recommendations to the Land Use Control Board and the Planning Director which shall be forwarded pursuant to provisions contained in section 4.10.3:

Please address each sub-section below (Provide additional information on a separate sheet of paper if needed).

- The proposed development will not unduly injure or damage the use, value and enjoyment of surrounding property nor unduly hinder or prevent the development of surrounding property in accordance with the current development policies and plans of the City and County.

- An approved water supply, community waste water treatment and disposal, and storm water drainage facilities that are adequate to serve the proposed development have been or will be provided concurrent with the development.

- The location and arrangement of the structures, parking areas, walks, lighting and other service facilities shall be compatible with the surrounding land uses... (see UDC sub-section 4.10.3C)

- Any modification of the district standards that would otherwise be applicable to the site are warranted by the design of the outline plan and the amenities incorporated therein, and are not inconsistent with the public interest.

- Homeowners' associations or some other responsible party shall be required to maintain any and all common open space and/or common elements.

- Lots of records are created with the recording of a planned development final plan.

- B. **LETTER OF INTENT** - The letter shall include the following:
- a) A brief narrative statement generally describing the nature, location and extent of the development and the market it is intended to serve.
 - b) A list of any professional consultants associated with the proposed development.
 - c) A written statement generally describing the relationship of the proposed development to the current policies and plans of the City and County. The statement shall include how the proposed development is to be designed, arranged and operated in order to limit impact to neighboring properties.
 - d) A description of the applicant's planning objectives, the approaches to be followed in achieving those objectives.
- C. **OUTLINE PLAN**
- 1) Two (2) copies of an Outline Plan shall be submitted and drawn at a scale of not less 1"=100' for developments of less than 150 acres, 1"=200' for developments between 150 and 1,000 acres, and 1"=300' feet for developments in excess of 1,000 acres. If property is encumbered by easements, show type and location on plot plan.
 - 2) Two (2) copies of legal description shall be attached to plot plan if not shown or described on the plan
- D. **SITE/CONCEPT PLAN** – Two (2) copies of the site/concept plan shall be submitted and depict the following: (a) property boundary lines and dimensions, existing utilities and easements, roadways, rail lines and public rights-of-way, crossing adjacent to the subject property; (b) the proposed height, dimensions and arrangements of buildings on the property; (c) the type and location of proposed landscaping; (d) the location of points of ingress/egress (driveways), parking lots and loading areas on the site; and (e) any proposed substantial re-grading of the site and any significant topographical or physical features of the site including water courses or ponds. Show for each parcel its dimensions, owner's name (on the vicinity map unless prior approval is given to do otherwise) and the public streets, alleys or private drives that it abuts. In situations where the parcels on the map are so small that the property owner's names are unable to fit and numbered legend is used, every effort should be made to place the legend on the map itself and not a separate sheet.
